

## NEW LOW COST CONFIGURATIONS

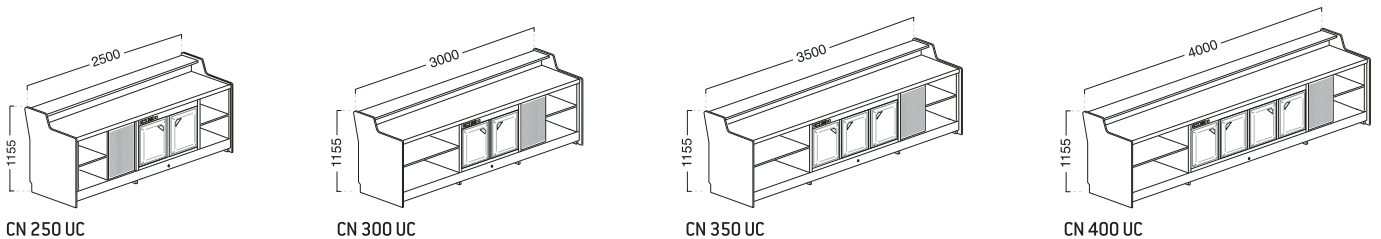

The IFI price list now presents several bar counter configurations without accessories, so that our dealers can be better equipped to tackle the market in a low-cost perspective, with a more competitive entry level for commercial negotiation.

The new configurations, unlike their predecessors, are really basic, representing a starting point to be built upon and supplemented with accessories from the IFI catalogue.

### SPM - BAR COUNTER WITHOUT COFFEE MACHINE TOP

### SLP- BAR COUNTER WITHOUT SINK

### NON-REFRIGERATED LINEAR BAR COUNTERS
