

IFI INTRODUCES TONDA UC: THE FAMILY IS EXTENDED

THE COMPRESSOR IS HIDDEN UNDERNEATH: IFI HAS EXTENDED ITS "TONDA" PRODUCT RANGE. THE SUCCESS OF THE FIRST AND ONLY ROUND AND ROTATING DISPLAY CASE, DESIGNED BY MAKIO HASUIKE AND DEVELOPED AT IFI'S RESEARCH AND DEVELOPMENT CENTER, HAS BEEN THE SPUR FOR CONTINUOUS RESEARCH AND IMPROVEMENTS ON THIS PRODUCT THAT REMAINS UNRIVALLED TO THIS DAY.

PUNTO GELATO ITALIANO
(BUILT-IN COMPRESSOR)

A new product has now been added to our range of highly popular models:

TONDA UC ROUND BASE (WITH BUILT-IN COMPRESSOR)

TONDA UC - THE BENEFITS

FREE STANDING DISPLAY CASE

With built-in condensing unit, TONDA is a fully free-standing display case and can even be fitted with wheels.

WHEELS

The structure of the new TONDA UC is such that it can be fitted with 6 wheels to easily move the case in and around the gelato shop.

LED LIGHTING

There are LED lights all-round, inside the case: these are more efficient, cost-effective and produce minimal heat.

EXCELLENT QUALITY/PRICE RATIO

Due to the recent improvements, TONDA UC now offers the same excellent performance of the original TONDA at a highly competitive price.

TONDA UC: OTHER FEATURES

ROTATION MECHANISM

The rotation mechanism has been completely re-engineered so that the condensing unit can now be fitted inside the case; the display case is now self-contained and mobile.

LOWER FLAVOUR TAGS HOLDER

The central flavour tags holder is now lower so you can see the gelato and the labels more clearly.

REFRIGERATION SYSTEM

The refrigeration system has a radial evaporator of around 180°, and is ventilated by means of an air intake vent on the opposite side.

EVEN TEMPERATURE EVERYWHERE

TONDA UC continues to enforce even temperature in all pans.

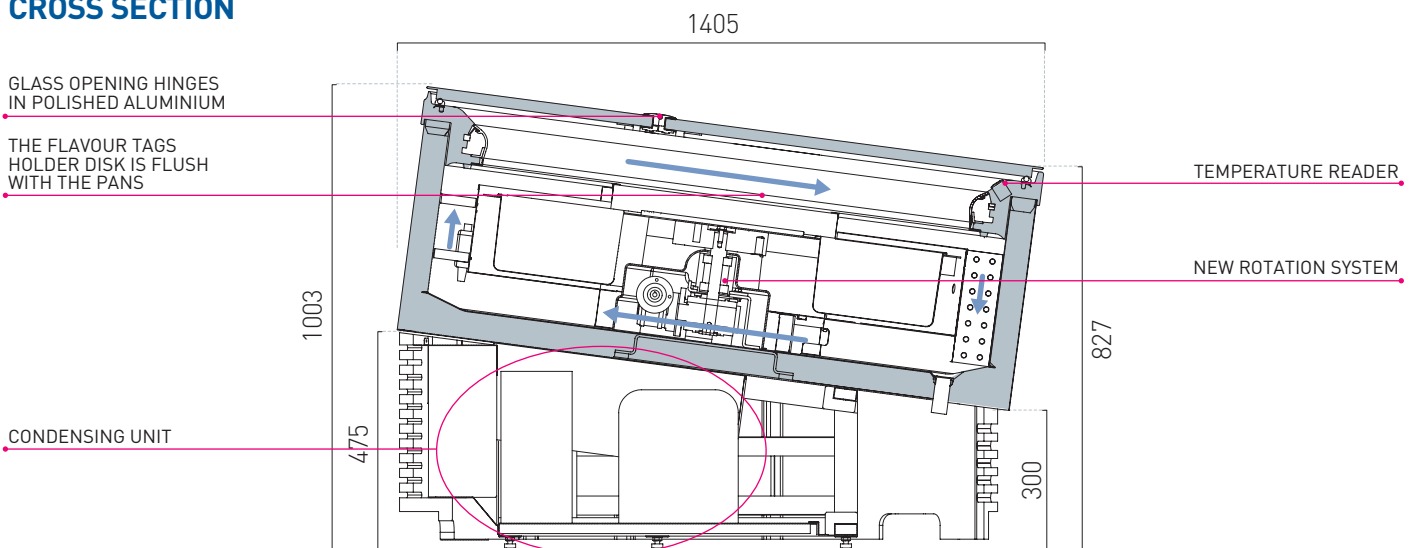

TONDA is tested at 35°C and 60% relative humidity.

TONDA UC is CE certified for EUROPE and ETL certified for NORTH AMERICA.

TONDA UC comes in these models:

ROUND BASE, RECTANGULAR BASE l 1350 mm, l 1500 mm.

CROSS SECTION

You will find the price list inside extranet on IFI's website.
