

## TONDA AT GREENITALY A POSSIBLE FUTURE TO OVERCOME CRISIS

IFI gelato display case was guest and actor at **Symbola's summer seminar**, in the suggestive location of **Monterubbiano** - Marche (Italy).

Seminar's subject matter was how to face the current crisis with a green perspective, investing on innovation, research, and knowledge. Tonda – that during the event has stored the gelato made by master gelato maker Palmiro Bruschi – is an example of this future-oriented look, due to its innovative value, as well as the care for mankind and the environment. In fact, IFI's revolutionary display case is distinguished by its ergonomics, and is environmentally friendly due to the choice of materials and energy-saving technologies.
